Plan Description

The Brighton plan is a charming traditional style house plan that features a pair of gables extending from the front of the house. A wood garage door and stone accents create a wonderful curb appeal for this home. On the main floor of the home, you'll love the open layout of the living room, dining room, and kitchen. The living room includes a cozy fireplace. The kitchen includes an island and a walk-in pantry. The master suite is nestled away in the rear of the main floor and includes a trayed ceiling, his/her vanities, and a walk-in closet. On the second level, 2 bedrooms share a centrally located hall bathroom. An amazing storage room is a perfect way to keep your home organized.
