Plan Description

The Brownwood plan is a beautiful Modern Farmhouse Ranch. The exterior showcases board and batten siding, wood beams, and wood garage doors to give the home that modern farmhouse look. Just inside the home, you'll find yourself in a wide open floor plan. Just to the right of the entry is a beautiful formal dining room. The kitchen includes a large island and a massive walk-in pantry. The great room is warmed by a fireplace that is flanked by built-in bookshelves. Tucked away on the right side of the home, you'll find the secluded master suite. The master bathroom includes his/her vanities, a soaking tub, an enclosed toilet area, and a large walk-in closet. On the left side of the home, there are 2 bedrooms. Each bedroom has its own walk-in closet and the bedrooms share a bathroom. A bonus room above the 3 car garage can add 415 sq ft and makes a great room for a guest room or home office.
