## Plan Description

Huttman is a detached 1 car garage plan. A unique aspect of this modern farmhouse floor plan is the drive-thru garage with (2) 9'x8' doors. The roof is a steep 14/12 pitch and is designed for attic trusses. The walls are 9' tall 2x4 construction. This detached garage would also be a great space for a workshop! As always, we can modify any of our garage plans with our in house home plan alteration department.
