Plan Description

The Thatcher plan is a beautiful Modern Farmhouse style ranch plan. The exterior combines board and batten siding and lap siding paired with a metal roof. Just inside the front covered porch, you'll find yourself in a beautiful entry that features built-in niches. An amazing formal dining room lies under an 11' trayed ceiling with beams and has access to the kitchen through a servery. The kitchen includes a large walk-in pantry, ample counter space, and a massive island with a snack ledge. The great room flows perfectly with the kitchen and dinette in an open layout. The great room lies under a soaring cathedral ceiling and is warmed by a fireplace. The dinette leads out to a rear covered porch that is a perfect way to expand your home's outdoor entertainment options. The master suite is situated on the left side of the home. The master bedroom lies under an 11' trayed ceiling. The master bathroom includes an amazing soaking tub, his/her vanities, dual linen closets, and a walk-in shower. The master walk-in closet has access to the laundry room through a pocket door. The home's 3 guest bedrooms all have access to their own walk-in closet. Bedrooms 2 and 3 share a Jack and Jill bathroom. The home's 3 car garage accesses the home through a convenient mudroom that includes a bench and lockers.
